EIGHT WERE KILLED.

Freight and Passenger Trains Collide Near Princeton, Kentucky.

PRINCETON, Ky., May 19.—A west bound freight train collided with a work train in Standing Rock tunnel, 12 miles east of here at 10 o'clock a. m. The conductor, Nick Hill, of the work train and seven occupants of a boarding car attached to this train, were killed and others injured.

The trains were full almost from end to end and it is impossible to get further particulars. Wrecking trains are at work and will get the ruins cleared away tonight.

TO HIRE A SPECIAL.

Mayor Harrison and Others to Have Their Own Policeman.

Mayor Harrison, E. P. Kellam, A. H. Bates, W. E. Culver and others in that locality of the city have employed Albert Hopkins as a private watchman to patrol their premises at night. Mr. Hopkins says that if any burglars or barn burners show up in that neighborhood they will be taken in alive or dead.

Perhaps it would be a good thing for other citizens to hire extra police officers to guard their barns and houses. The value of the barns already burned is estimated at \$20,000. The interest on that amount of money ought to pay for several night watchmen.

Mrs. Thompson's Case.

The case of the state against Mrs. Dr. Thompson came up before Justice Furry but was continued a week. Mrs. Thompson is an elderly colored woman who is charged with practicing medicine without a physician's license. County Physician C. S. McClintock is the complaining witness. She lives near the starch factory and has operated among the neighbors.

Mrs. Thompson's defense is that she is merely a trained nurse and gives prescriptions that physicians have given to her.

THE BIG STORM NOT OVER.

Vessels on Lake Michigan are Still Foundering in a Heavy Sea.

CHICAGO, May 19.—Thousands of spectators watched from the lake shore today the destruction of craft that had been beached during the storm of yesterday and last night. At 27th street, the McLaren was being pounded to pieces fifty yards from the shore, and her destruction will be complete before the surf quits. The body of Joseph Stelan, mate, was still on the wreck. He was killed yesterday on the vessel by falling spars.

Three weeks were rolling in the breakers at Twenty-fifth street. Thompson's second vessel was laboring in the sea. One was thought to be the D. S. Austin, commanded by Capt. Cassido, and manned by a crew of six. Four men could be seen in the rigging.

The vessel was apparently in little danger of destruction. The twenty-seven men on the vessel, who were unable to reach land last night, hauled down their distress signals today and signalled that they were all right. The men at the other cribs telephoned that they were safe.

Two bodies were recovered from the lake this afternoon near Fifty-fifth street. Both were evidently the bodies of sailors, and one was identified by papers as B. Thompson.

Life Saving Crew Condemned.

MILWAUKEE, Wis., May 19.—The wind is still blowing strongly from the north today, but no new disasters are reported. As yet no attempt has been made to recover the bodies of the woman cook and "Jim" the seaman, who are lashed to the rigging of the sunken schooner Cummings. An effort to land the bodies will undoubtedly be made before nightfall.

The life saving crew are condemned on all sides for their inefficiency yesterday. The belief is universal that every one of the Cummings crew could have been saved if prompt efforts had been made.

Chicago's Crew Badly Located.

The location of the life saving crew at the Jackson Park station was severely criticised today and it was reported that had the crew been at the mouth of the river, the loss yesterday would have been averted. The crew was sent to Jackson park during the world's fair and since then has never been returned to its old quarters near the center of the harbor, but yesterday's fatalities will probably result in some change.

INDUSTRIALS KEEP OFF.

Deputy Marshals to Board Every Train in Washington State.

SPOKANE, Wn., May 19.—Judge Hanford has issued an important writ to United States deputy marshals. They are directed to board each east bound freight train between Sprague and the Idaho line and warn industrials not to climb aboard.

Those who disregard the warning will be arrested and conveyed to Seattle. Under this order Deputy Marshal Hanson has sent crews of deputies all along the line and numerous arrests are expected today.

*CHICAGO CORRUPTION.

Aldermen, Police Officers and Election Judges Arrested for Violating the Law.

CHICAGO, May 19.—Two aldermen, three police officers and four judges and clerks of election were indicted by the special grand jury today for violation of the election laws. The men indicted are: Alderman John McGillicuddy, interfering with voters; Alderman John J. Coughlin, various violations of the election laws; Alderman John McGovern, Officer Deane Dillon and Officer Hugo Malinowsky, refusing to preserve order at the polls; O. Willis, Alonzo Lee, Albert Lee, William S. Darrows, clerks and judges of election.

Other indictments of various city officials are expected to follow.

LOIE FULLER'S GREAT HIT.

London Public Claimers for Her - At Three Theatres Every Night.

LONDON, May 19.—Some idea of the keenness of the competition existing among the theatrical managers may be gathered from the fact that Miss Loie Fuller, the American skirt-dancer, is appearing nightly in three houses—the Trafalgar, the Strand and Terry's—in different dances and with great success at each establishment.

The theaters have been compelled to adopt the music hall system on account of the fact that theater managers are forced to extra attractions in addition to their regular bill of fare if they enter into active competition for the so-called popular business.
